According to the Grand Jury report of Washoe, the county officials know as little about their duties under the law as a lot of spring pullets about the Democratic platform at Chicago.

Lon Hamilton is once more back in Virginia, and Sam Jones put in all day yesterday piloting him about the Gold Hill mines. He expressed admiration and astonishment at what he saw there.

Because an acrolite in Kansas has mashed the arm off a statue of John Brown the Post wonders why when Heaven has begun to throw rocks at bad statuary it don't hit the Cogswell fountain. Probably it don't recognize that as statuary at all.

The Sacramento Bee sizes the situation down in the following epigrammatic style.

Merrily swings the axe at Washington and the spirit of civil service reform is being carried out—on a stretcher.

There is great disappointment in the Royal family of England because the last child of the Dutchess of Fefe is a girl. It seems as if the royal families have to put up with these little disappointments the same as other people.

The APPEAL is moving out of its old quarters and into the Bullion Bank building at Carson.—Gazette.

The is a slight error in the above. The APPEAL only got half out of its hole like the ground hog and then went back to its old winter quarters until the weather changed.

Can it be possible that Cleveland is moderating his views on silver? He seems to be in harmony with such men as Crisp, Voorhees and Vest and even gave Senator Stewart a long and pleasant interview a few days ago. Perhaps Mr. Cleveland has been reading that national Democratic platform which "holds to the use of both gold and silver," etc.

Some one at the V. & T. yard yesterday neglected to close the dogs that held the turn-table in place and when the engine and tank with a load of castings backed down, the turn-table after receiving the hind wheels of the tank truck slewed around and the engine and tank tied or the turn table instead of the track, narrowly escaping it. The damage was slight, but the profanity was active for some minutes.

Mrs. W. J. Florence.

Mrs. W. J. Florence will play an engagement covering one night at the Opera House opening on Tuesday April 8 during which she will appear in her old and great success "The Mighty Dollar," in her famous role of Mrs. Gen. Giffory. It can truly be said of "The Mighty Dollar" that few plays by American authors have been so meritorious and enjoyed so warm an affection in the hearts of theatre-goers. It was Mrs. Florence's original intention to have retired from the stage altogether but owing to the repeated demands made on her she consented to again act. A number of our theatre-goers no doubt easily recall the delightful portrayal of the role of Mrs. Gen. Giffory as the merry widow by Mrs. W. J. Florence on the occasion of her several visits here before, as the role fits her capabilities to a nicety. The company in support are said to be worthy of commendation. Mr. Howard Coveney who was for a long time with the Florences will be seen in the role of Hon. Bardwell Slope from the "Cohosh District."

A Former Nevanan Murdered.

D. L. Huntsman, who was lately murdered at Honolulu by Herriek, was a son of Dr. Huntsman of Austin, in this State, and a nephew of Dow Huntsman, formerly of Battle Mountain. The young man formerly taught school at Lewis, in Lander, and at Ruby Hill in Eureka county, at which time he was regarded as a moral and exemplary young man. The Reveille says: Dr. Huntsman was seen by the Reveille reporter yesterday, and the laments the death of his son, breaking down and shedding tears. He has expected that his son would have trouble of a political nature, but the news of young Dow's death in a private way completely broke the Doctor down.

A Child's Bones.

Lawrence, S. D., April 11.—W. T. Jennings, pastor of the African Presbyterian Church and ex-principal of the negro graded school here, has been arrested for the murder of his illegitimate child. His wife, and a young negro named Clara Bullock and her father, were also arrested for complicity.

Clara disappeared recently, and it was suspected she had given birth to a child at Jennings' house. Jennings was obliged to resign as principal. His house was searched and the Bullock girl found. She admitted the birth of a child, and said she had given it to her father. The house was searched again and the child's bones found in the fireplace.

Horrible Calamity.

London, April 11.—A spark from an engine ignited gas in a coal pit near Ponty Pridd, Wales and caused an explosion. Three hundred miners are entombed. The engine house is in flames and the greatest fear exists that hundreds have perished. Rescuers have been driven back without being able to bring up more than five of the dead, and the fate of the others is in doubt. The most agonizing scenes are witnessed at the mouth of the pit around which the relatives of the miners are gathered.

Gigantic Frauds.

St. Paul, April 11.—The Senate Committee, which for some weeks has been making an investigation of the rumored frauds in the collection of taxes in the State and charges of corruption in appraising and selling the State swamp lands for school, university, railroad and other State uses, will report today. It is the most sensational report ever prepared by a legislative committee and all is based on sworn testimony.

An Executive Session Forced.

Washington, April 11.—The Democrats succeeded in forcing an executive session of the Senate this morning in the face of the combined Republican opposition. It was carried as soon as the journal was read—39 to 16—Peffer (Populist) voting with the Democrats.

Telegraphic Jots.

A mob in Kansas got a rope around the neck of John Hudson who assaulted Mrs. Frost, but after dragging him about a spell did not hang him.

Japan has seized the Pellow Islands in the North Pacific and is liable to have a war with Spain in consequence.

From this on I will keep 10 varieties of apple trees that will keep from March to May, such as will sell in San Francisco by the car load when California apples are going out of season. I will do my own grafting and bring the prices down. In Spring I will condense from publications East and West the cheapest and best way to abate and destroy fruit pests. I have elms and other shade trees, roses and general nursery supplies.
